We Are Headquarters For The Finest Commercial Cut-Flower

AVALON

Winning the War Is the First Consideration

The maintenance of small businesses is important and will help the post-war adjustment. Flowers help create civilian morale and gardening is a healthful and relaxing hobby.

So we are carrying on. But our labor situation is a serious one and customers will help by sending their orders early. Thank you.

To Help Make Your Selection

Many customers ask us to recommend a list of varieties suitable to their purpose and in response to this request we have divided our whole list of large flowering varieties into three main groups as under:

Varieties Designated - - -

- *** This group is intended for those who want the leading commercial kinds in the low price range of roots.
- ** This list contains kinds that have excellent cut flower qualities, but, being newer or rarer, are higher priced.
- * These are mainly intended for garden use. Most of these have larger flowers which are usually too bulky or soft for general commercial use.

The initials behind each variety designate (I. D.) Informal Decorative; (F.D.) Formal Decorative; (C.) Cactus; (S.C.) Semi Cactus.

It will thrive and produce splendidly in any ordinary garden location. It is a white trumpet Lily with markings of pink, yellow and light brown, extremely fragrant and flowers in June.

We have no large size bulbs available for delivery this Spring but the smaller sizes listed below will produce good flowering bulbs for the following season.

FOR BULK BULBS

Flowering Bulbs in themselves convey no impression in the customers' minds as to what they will produce and usually it is essential that the display of each variety be accompanied with an illustration showing exactly what the flower is like. This is very important in the sale of dry bulbs and roots over the counter. We have prepared a display card for many of the varieties as shown in this list. These cards not only show the flower in natural color, but give the name of each and provide space for pricing. These cards are sent free with each order.
